Subject: [WARNING: DMARC validation failed] ORD Award Notification

You have received a time off award in the amount of 20 hours from ORD-NRMRL-WSD. The award is planned to be effective as of pay period: 201819 (9/11/2018).

The Requesting Official provided the following justification for your award:  
"Dr. Regan Murray has transitioned to the role of Deputy Division Director in an effective manner. She has transitioned to this role with very little preparation time and conducts the duties of this role along side her research duties. As a DDD she works well with division staff and manages budget, staffing issues, and other day to day operations of the division. She also continues to lead the division in the use of EPANET for drinking water system modeling and resilience. She has made several presentations on EPANET modeling at various conferences. She makes significant contributions to the accomplishment of EPA goals and exhibits behavior that exemplifies the core values of EPA."

Please see your supervisor if you have any questions.

Congratulations!
